Details Matter When Shipping

Material Handling is the unloading of your exhibit materials. The service includes delivery to your booth, handling of empty containers to and from storage and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost to transport your exhibit material to and from the event.

- Unloading the freight and delivery to your booth is not included. Avoid unexpected costs at show site and estimate the cost for this service. http://e.ges.com/071600964/item/200500
- We understand that your calculation is only an estimate. Invoicing will be done from the actual weight. Adjustments will be made accordingly.
- Save by combining shipments. A minimum charge applies for each shipment under 200 lbs.
- Make sure that a Bill of Lading is filled out completely for each shipment.
- Confirm that your driver has the correct dates and times that your shipment needs to be delivered and picked up.
- Use provided shipping labels to make sure show name, booth number and other vital information is provided.

No Tipping Required
GES work rules prohibit the solicitation or acceptance of tips in cash, products or gifts of any kind by any employee. Our employees are paid appropriate wages denoting professional status; therefore, tipping of any kind is not allowed.

Where Did My Crates Go?
After your exhibit is set-up and your products displayed, you must place "empty" stickers on your empty containers for storage during the show. At show site a kiosk with a floor plan and color coded “empty” stickers will be available. Crews will clear the floor of all "empty" stickered containers to clear room for other freight.
• Simply write your booth number, company and show name on the sticker and place the container in the aisle. It will be stored throughout the exposition and then returned to your booth upon show close.
• Place stickers on all 4 sides of the crate.
• Please label your empty containers as soon as possible to keep your area clear and make it easier to prepare your booth.

Don't Forget to Take Out the Trash
Exhibitors planning on disposing of booth properties and/or floor covering at the end of the show should pre-order this service. In the event that excessive booth properties and/or floor covering are abandoned/left on the floor at the conclusion of a move-out, a dumpster fee will be billed to the exhibiting company.

Keeping Up Appearances
Pay close attention to your booth size when ordering items based on booth sq. footage or quantity of decorating items. Please do not order more than what will comfortably fit in your space.
• Exhibitors that order two (2) – standard pre-cut carpet pieces should keep in mind that there will be a visible seam where the pieces of carpet are placed together. GES cannot guarantee that carpet colors will be an exact match due to dye lot differences.
• Order just enough carpet to fit your standard booth space. A 10’ x 10’ booth should not order 10’ x 20’ carpet.
• We custom cut carpet to fit your needs.

It’s All About the Padding
Ordering carpet for your booth? Think about the kind of padding you need if you are going to be on your feet all day. That little extra cushion can make all the difference at the end of the day.

Electrical Outlets Not Included
Need power for that lamp or arm light in your booth? Electrical outlets must be ordered separately for your booth space through the electrical service provider. Be sure to indicate if the wiring should run under your booth carpet or not.

Electrical Equipment Rental: http://e.ges.com/071600964/electrical
• Booth Layout is required to process your electrical orders.
• Carefully read the electrical labor rules. Some outlets do not include labor in pricing.

What Goes Up Must Come Down
If labor is needed for your booth space at the time of move-in, you will also need labor for move-out. Remember, what you put up must be taken down.
• See Labor Information form for rules specific to the show. Work rules can vary based on show location.
• Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES.
• All rates are subject to change if necessitated by increased labor and material costs.
• Pre-order labor to save.

• Save money by providing your artwork/graphic files in the recommended formats.
• Send your graphics early with client name, show name, and booth number to avoid costly delays.
• Do not copy graphics from web pages as they will be low resolution and not suitable for your exhibit/sign.

Avoiding Additional Costs

Files obtained from the internet (.jpg or .gif) or artwork created in MS Office applications (Word, Excel, PowerPoint) are often not suitable for high quality output, and often require additional hourly charges. Artwork should be created at actual size, however, for larger files i.e., banner artwork, 10% or 25% of actual size is acceptable. Scans should be no smaller than 300dpi at quarter size. To avoid additional costs associated with these file types, please supply files in accordance as defined herein.

Vector Artwork

For the best quality, create in vector format (ai or vector eps). Logos taken from websites are generally GIF files. GIF files are not acceptable as they will not print clearly. See Visual. Artwork produced in vinyl, for example, solid company logos or text must be supplied in a vector format (ai or vector eps). Artwork created in a pixel format i.e., TIFF and JPEG is not suitable. See Visual.

Bitmap/Raster Artwork

**TIFF and PSD** - These are the preferred file formats for raster images. Files should be supplied at 100dpi at full size, or they should re-scale to those dimensions. If the resolution is lower than 100dpi, images can look blurry or pixilated when printed. If there is a lot of small text in the raster image, the file can be provided at higher resolutions to ensure print quality. See Visual.

**JPEG** - We can use JPEG files, but because JPEGs use file compression this can sometimes affect image quality. Therefore, this file type should only be used if the files are being emailed.

**PDF** - These are print files only and cannot be altered to fit different sizes, artwork must be set up at the correct proportion and at print-ready quality. Ensure images are saved at high resolution (100dpi at final size).

Front and Backlit Graphics
When producing artwork for front lit graphics or transparencies keep these points in mind:

• Avoid setting type in Photoshop — instead use a vector-based program (such as Adobe Illustrator) for your type. If you do use vector smart objects, save the file as an .eps or .psd to retain vector properties.

• If you plan to add effects to your type (such as drop shadows or glows), follow these steps:
  a. Import the Illustrator type into Photoshop
  b. Add effects to the type
  c. Separate the effects onto a layer
  d. Delete the type layer
  e. Assemble the type and photo in a vector program.

• Always provide logos in a vector format.

• If you have critical PMS colors to match, provide us with a layered Photoshop file to allow for color editing.

• Always add at least 1" of bleed to your images.

• Use gradients carefully and sparingly. Gradients often “band,” and little can be done to correct the problem. Look at your high res file at 100% — if you can see the banding, it WILL appear in the print. Adding 1 pt. of noise to the file may resolve the problem.

File Sizes
Please build Photoshop (raster) graphics to at least 100dpi at final size. Any combination of size/resolution that produces this result is acceptable.

(e.g. 1/4 size file @400dpi)

Here is an easy way to determine how much digital information is needed for your graphic:

• Open a new document in Photoshop
• Enter the final width and height of your graphic.
• Enter a resolution of 100 dpi

The resulting megabyte size is the approximate amount of digital information we need for best quality output.

Adobe Illustrator, InDesign, Photoshop

• Work with .eps files as much as possible. .eps files are a better quality file format than .tif files and are accepted more easily by Adobe Illustrator.

• Save a Low Res files version of your files for proofing and a Hi Res file for production. Illustrator allows for seamless swapping of LR and HR files provided the images are the same dimensions.

• When saving your HR file, use the settings shown in figure a. This will compress the information in the file without degrading the quality. High resolution files saved with this setting present no issues for our output devices.

• If you must work with a .tif file because you are colorizing it in illustrator, save the HR file with the LZW compression option.

• Keep all color-critical elements of your design vector whenever possible. Don’t send the layered Photoshop unless you need critical color corrections. If you want to add a Photoshop effect to a logo or color critical text: set the text in illustrator or keep the logo vector, create the desired effect in Photoshop, then link the Photoshop file into Illustrator under the color critical vector art or text.

• Photoshop files with text or vector smart objects need to be saved out as .eps or .psd to retain vector properties.

Placed Images
Provide placed images at 100dpi at 100% of final size as a .tif (LZW compression) or .psd. Embedding images in Illustrator is preferred and need to be 100dpi at final size.

Fonts
Turn all fonts to outlines or convert to paths before sending the files. If you are using a program where this is not an option, YOU MUST INCLUDE ALL FONTS with your files. OTF (open type fonts). are preferred.

Vinyl
We can only produce vinyl for type or logos from VECTOR based artwork. DO NOT send PowerPoint files, .gifs, .jpgs, .pdfs or raster-based images output to vinyl.

Remember

• You MUST add bleed to your photographic images.

• Backlit graphics are held in place with velcro or with a frame–place type and critical images at least 1" from all edges to avoid this dead space (see diagram below).

• You MUST provide PMS colors. We are not responsible for accurate reproduction of your logo or corporate colors if PMS matches are not provided.

• Please make certain that your scans are clean (free of dust, dirt, and scratches) BEFORE you send them for production. Deadlines and time constraints do not allow us to check all your images for quality. We must assume the images you provide are the highest quality available to you. To check for quality, look at your Photoshop files at 100% enlargement. If you can see dirt and scratches, they will appear on your final output. Use the rubber stamp tool (clone stamp tool) to eliminate these imperfections.

Estimating Material Handling Charges
Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per shipment may apply, see enclosed Material Handling/Drayage Order Form for details. Please prepay all shipping charges - GES cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise GES will invoice the entire load at the Uncrated rate.
• Crated - Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
• Uncrated - Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.
• Special Handling - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.
• Overtime Surcharges - Shows that move-in or move-out on weekends or after 4:30 PM during the weekday, may be subject to additional overtime surcharges. See enclosed Material Handling/Drayage Order Form for details.

Late Surcharges - May be charged an additional overtime surcharge
• If advance freight is received before or after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling/Drayage Order Form for details.
• Freight shipments sent to the show after it has opened.
• Freight shipments that are received at showsite that do not meet their published date and time.
• Shipment Surcharges - A surcharge will be incurred per shipment for those that are received with incomplete information on shipping labels identifying company name and booth number and/or shipments that are left on the show floor at the end of the show with no labels and no bill of lading turned in.

Machinery Labor and Equipment
Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the Forklift Labor Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Storing Empty Containers
Properly labeled empty shipping cartons will be picked up, stored, and returned after the show. Labels are available at the GES Servicenter® or from your GES Service Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked "empty." GES has no liability for damage to crates or items sent to empty storage in crates.

Outgoing Shipments
An OMHF (Outbound Material Handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the GES Servicenter®. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.
Measure of Damage

- Liability - GES is liable for loss or damage to your goods only if the loss or damage is caused by GES negligence.

Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. Marshaling Yard and Direct Deliveries Information

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

Chicago Comic & Entertainment Expo
McCormick Place
April 6 - 8, 2018

Tips For New Exhibitors

What is a marshaling yard? The Marshaling Yard is an offsite location where trucks are checked in and held until dock space for unloading becomes available onsite.

Why is a marshaling yard used? Large shows use a marshaling yard to ease vehicle congestion and to ensure the unloading process runs smoothly.

Savings

- There is no charge for this Marshaling Yard service.
- Avoid late charges by checking the Show Schedule for arrival dates and times.

Marshaling Yard Site Address:
2900 South Moe Drive
Chicago, IL  60616
USA

Marshaling Yard Process

It is important that you advise your carrier of this Marshaling Yard information to better facilitate your direct shipment to showsite.

- All delivering carriers and privately owned vehicles must check in at the Marshaling Yard prior to show site deliveries. All inbound shipments will be weighed at the Marshaling Yard to obtain the gross or heavy weight.
- All inbound shipments must be accompanied by a certified weight certificate and Bill of Lading.
- At the Marshaling Yard, drivers will be assigned a number and will be dispatched to the appropriate dock at McCormick Place as space is available. Waiting time at the Marshaling Yard should be anticipated by your carrier. Every effort is made to keep this waiting time at a minimum. However, the waiting time depends on many factors, including the number of vehicles arriving to unload/load, the type of loads being unloaded at the McCormick Place, the number of booths on a truck, etc.
- After unloading, all vehicles must return to the Marshaling Yard with a completed copy of the GES Receiving Report to be weighed to obtain the light weight. This determines the total weight of your shipment. Drivers who fail to return to weigh-out may face having their shipment billed at the heavy weight.
- All drivers are expected to adhere to GES’ policies and procedures with respect to the loading and unloading of trailers.

_______________________________________________
If no, GES will supervise without exhibitor present.
- A 25% ($50.00 minimum) surcharge will be added to the labor rates above for this professional supervision.
- Date and time not required. No need to complete Step 3. Proceed to Total and Sign.

What is Exhibitor Supervision? An exhibitor chooses Exhibitor Supervised so they are able to instruct the laborer. The exhibitor is required to be in the booth and there are no supervision fees. Scheduling a date and time is necessary for this choice.

What is GES Supervision? An exhibitor chooses GES Supervised when they do not want to be present when the work is completed. On most shows and services, there is a minimum surcharge for the professional supervision. Remember, when an exhibitor chooses this option, they do not need to schedule a date and time for services to be completed.
Step 3. Schedule Hanging Sign Labor for Exhibitor Supervised Work

All labor and equipment requests should be confirmed by 2:00 PM the day prior at labor dispatch. Requested start times cannot be guaranteed, however, every effort is made to meet all requests. GES reserves the right to dispatch all labor calls based upon availability of labor crews and the order that the requests are confirmed. Upon completion of the work, an exhibitor representative must return to labor dispatch to sign the completed work ticket and confirm accuracy of the work order. Equipment and labor cancelled without a 24 hour notice, or not used at the time confirmed, will be charged a 1/2 hour cancellation fee per worker and equipment ordered.

Equipment and labor are charged in half (1/2) hour increments. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by undefined. undefined requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

Please estimate the number of workers and hours per worker needed for installation. Invoice will be calculated according to actual hours worked, relative to the original estimate and based upon the date received. Additional labor required will be calculated and invoiced at the show site rate.

Step 2. Please Indicate Service

What is Exhibitor Supervision? An exhibitor chooses Exhibitor Supervised so they are able to instruct the laborer. The exhibitor is required to be in the booth and there are no supervision fees. Scheduling a date and time is necessary for this choice.

What is GES Supervision? An exhibitor chooses GES Supervised when they want the work completed prior to their assigned target date and time. This allows exhibitors to start their booth build at their assigned target date and time. On most shows and services, there is a minimum surcharge for the professional supervision. Remember, when a an exhibitor chooses this option, they do not need to schedule a date and time for services to be completed.

Floor Work (Under Carpet Electrical Distribution)

Option 1

- Exhibitor Supervised (Do not proceed)
  - You must schedule date & time as well as # of electricians and estimated hours.
  - GES assumes no liability for loss, damage or bodily injury arising out of the installation and/or dismantling of Exhibitor's property by GES provided union labor. Exhibitor assumes the responsibility and any liability arising therefrom, for the work performed by union labor under Exhibitor's supervision. Exhibitors must stay clear during movement of freight.
  - Labor cannot be scheduled prior to assigned target date.
  - If an electrical floor plan has been received with distribution points, GES electrical floor work labor is required. If no floor work labor is received, GES will process a floor work labor order as an Okay to Proceed. Rates will be based on when the floor plan was received.

Step 2. Please Indicate Service

What is Exhibitor Supervision? An exhibitor chooses Exhibitor Supervised so they are able to instruct the laborer. The exhibitor is required to be in the booth and there are no supervision fees. Scheduling a date and time is necessary for this choice.

What is GES Supervision? An exhibitor chooses GES Supervised when they want the work completed prior to their assigned target date and time. This allows exhibitors to start their booth build at their assigned target date and time. On most shows and services, there is a minimum surcharge for the professional supervision. Remember, when an exhibitor chooses this option, they do not need to schedule a date and time for services to be completed.

Option 1
- Exhibitor Supervised (Do Not Proceed)
  - Exhibitor will supervise.
  - Indicate workers needed for installation and dismantling
  - GES assumes no liability for loss, damage or bodily injury arising out of the installation and/or dismantling of Exhibitor’s property by GES provided union labor. Exhibitor assumes the responsibility and any liability arising therefrom, for the work performed by union labor under Exhibitor’s supervision. Exhibitors must stay clear during movement of freight.

Option 2
- GES Supervised (OK to proceed without exhibitor.)
  - Please complete Plumbing Layout Form.
  - GES will supervise labor.
Step 3. Schedule Plumbing Labor for Exhibitor Supervised Labor

All labor and equipment requests should be confirmed by 2:00 PM the day prior at labor dispatch. Requested start times cannot be guaranteed, however, every effort is made to meet all requests. GES reserves the right to dispatch all labor calls based upon availability of labor crews and the order that the requests are confirmed. Upon completion of the work, an exhibitor representative must return to labor dispatch to sign the completed work ticket and confirm accuracy of the work order. Equipment and labor cancelled without a 24 hour notice, or not used at the time confirmed, will be charged a 1/2 hour cancellation fee per worker and equipment ordered.

Equipment and labor are charged in half (1/2) hour increments. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES. GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

Note: Our Plumbing Department will not be responsible for moisture, water or minerals in any air lines. Exhibitors should supply their own filtering or other equipment to handle any moisture, water or minerals.

Please estimate the number of workers and hours per worker needed for installation and dismantling above. Invoice will be calculated according to actual hours worked, relative to the original estimate and based upon the date received. Additional labor required will be calculated and invoiced at the show site rate.

GES shall have no liability to any party for damage or injuries caused by exhibitor or its third party agents. It is the exhibitor’s responsibility to provide its EACs with all show rules and regulations as set forth in the exhibitor space lease and the Exhibitor Services Manual. Exhibitor agrees to indemnify and defend GES for the actions of its agents and exhibitor appointed contractors. The exhibitor agrees that it is ultimately responsible for all services in connection with the exhibit, including freight, rentals and labor. Exhibitor agrees to be responsible for any losses, damages or injuries that are caused by or attributed to EACs that are not covered or provided by EAC’s insurance.
The undersigned Exhibitor Appointed Contractor (EAC) has been designated by an exhibitor to perform certain services for the exhibitor at the above referenced show. In consideration of the show organizer and GES permitting the EAC to perform such services at the show, the EAC and GES hereby agree as follows:

Rules and Regulations

1. EAC agrees to comply with all rules and regulations of the show as outlined in this agreement, the Exhibitor Services Manual, including all union rules and regulations, and accept liability for any negligent actions.

2. EAC agrees that it must ascertain and comply with all rules and regulations of the venue, Show Management, and/or the Official Service Provider in order to create a safe work environment. A failure to do so can result in a delay or termination of your right to continue work if the condition cannot be corrected.

3. EAC agrees that the show site, dock and surrounding areas are active work zones and the EAC, its agents, employees and representatives are present at their own risk. Entry into the dock area is prohibited.

4. EAC must have all business licenses and permits required by the State and City governments and the convention facility management prior to commencing work. A certificate of insurance naming GES as an additional insured with appropriate insurance limits prepared by the EAC's insurance agent must be submitted to GES at least 30 days prior to the first date of move-in.

5. This Agreement and Rules and Regulations between GES and EAC must be completed by an authorized representative of EAC and returned to GES before the deadline noted above.

6. If the EAC fails to provide the documentation required in paragraphs 4 and 5 above, the exhibitor will be required to use GES for such services at the prevailing rates set forth in the Exhibitor Services Manual.

7. EAC shall provide, if requested, evidence to Global Experience Specialists, Inc. (GES) that it possesses applicable and current labor contracts and must comply with all labor agreements and practices. The EAC must not commit or allow to be committed by persons in its employment any acts that could lead to work stoppages, strikes or labor problems.

8. EAC will be responsible for all reasonable costs related to its operation, including overtime pay for stewards, restoration of exhibit space to its initial condition, etc. Where applicable a one hour minimum labor charge will be charged at the appropriate steward rate of pay per day per union to either the EAC/exhibitor depending upon the billing arrangement set up with GES (based upon EAC not number of booths).

9. The show aisles and public spaces are not part of the exhibitor's booth. Therefore, EAC is required to confine all activities to the exhibit space of the exhibitor who has given a valid order for services. Exhibitors may be charged for costs related to movement of its property if the EAC does not contain its operations within the confines of the booth. No service desks, storage areas or other work facilities will be located anywhere in the building. The show aisles and public space are not a part of the exhibitor's booth space and must be kept clear at all times.

10. During show hours, only EACs with exhibit badges will be permitted on the exhibit floor. No EAC will be permitted on the exhibit floor during show hours without the proper Convention name badge supplied by the exhibiting company. EAC must furnish Show Management and GES with the names of all on-site employees who will be working on the show floor and ensure that they have and wear identification badges at all times as determined by Show Management.

11. EAC has attached herewith certificates of insurance confirming the following required insurance:

- Commercial General Liability, including contractual liability, with limits of not less than $1,000,000 each occurrence, $2,000,000 general aggregate and $2,000,000 products & completed operations aggregate.
- Automobile Liability with a limit of not less than $1,000,000 combined single limit - each accident.
- Workers Compensation, as required by law, with Employers Liability Limits of not less than $1,000,000 each accident, $1,000,000 disease - each employee and $1,000,000 disease - policy limit.
- Umbrella/Excess Liability with a limit of not less than $1,000,000 each occurrence/aggregate.
- All Policies (except Worker's Compensation) shall name Global Experience Specialists, Inc. (GES) (Official Service Provider), Chicago Comic & Entertainment Expo (Show Management), Chicago Comic & Entertainment Expo (Show), McCormick Place (Facility), MPEA and SMG as additional insureds on a primary and non-contributory basis per the attached sample certificate of insurance.

12. EAC agrees to indemnify, defend and hold the Show Management, the Facility and Global Experience Specialists, Inc. (GES) harmless from and against any and all claims, lawsuits, demands, liability, costs and expenses, including reasonable attorney's fees and court costs, arising out of EAC's operations, including supervision of GES provided labor. EAC also agrees to reimburse GES for all attorney's fees and costs incurred in connection with any and all claims, lawsuits and counterclaims that should arise out of EAC's failure to adhere to the terms of this agreement.

13. Solicitation of business on the show floor is strictly prohibited. If EAC attempts to provide services designated to another party as "exclusive" or is discovered soliciting on the show floor including the distribution of official company literature, or otherwise does not comply with the rules, the company may be removed from the show floor, and the exhibitor will not be able to use that company for the remainder of the event.

14. EAC/exhibitor may not move freight from one booth to another booth, or to meeting rooms. GES must provide labor.

15. EAC must coordinate all of its activities with Global Experience Specialists, Inc. (GES).

16. The exhibitor or its EAC should order services required from GES and the Exhibit Hall in advance. Ordering labor or services onsite (which contractors may not be prepared to provide immediately) may delay the set-up of your booth or force your set-up into overtime.
Rules and Regulations (continued)

17. The exhibitor or its EAC should take steps to protect the exhibitor and the EAC’s product in the booth by arranging for booth security and/or cages. GES is not responsible for items left unattended on the show floor.

18. EAC agrees GES is not responsible for any items stored in empty containers. Do not store empty cartons inside of empty crates. Cartons are returned from storage before crates so exhibitors may begin packing their product.

19. EAC/exhibitor agrees to keep “No Freight Aisles” clear at all times. If GES is required to rearrange any material situated in a clearly identified “No Freight Aisle,” the exhibitor or the EAC depending upon the billing arrangements with GES will be charged a one hour minimum for forklift rental and labor.

20. EAC/exhibitor agrees that all outbound freight bills should be turned into the service desk on a timely basis. Holding freight bills until late in the day or turning in large amounts of freight bills to the GES Servicenter at one time may delay outbound truck scheduling and subsequently force your loading out into overtime.

21. During tear down, pull all manageable structures back from aisle carpet lines. Electronics, mannequins, etc. should be placed in the center of the booth.

22. Be aware of vehicle traffic inside and outside of the facility. All attendees should be aware of their surroundings and all individuals are solely responsible for their own safety in parking lots, driveways, access roads and non-exhibit hall areas.

23. Label empty cartons and crates for storage as soon as they are ready. Holding back on “empties” only adds congestion to the aisles.

24. For services such as electrical, plumbing, telephone, cleaning and drayage, no service provider other than the Official Service Provider will be approved. This regulation is necessary due to licensing, insurance and work done on equipment and facilities owned by parties other than the exhibitor. Exhibitors shall provide only the material and equipment they own and those materials are to be used only in their exhibit space.

25. Smoking is prohibited in most facilities. Smoking shall only be allowed in designated areas.

26. This agreement is to be interpreted under the laws of the State of Nevada.

27. A faxed signature will serve as an original signature and will stand as a fully executed agreement once faxed to and received by GES.

Q: What is a full-time employee?
A: An exhibitor employee is identified as someone who has been employed by the exhibitor on a full time basis for a minimum of 6 months before the show’s opening date.

Work Zone
Exhibitor acknowledges that the show site and surrounding areas are active work zones. Exhibitor, its agents, employees and representatives are present at their own risk.

McCormick Place Automobile and Small Utility Vehicle Unloading Policy

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

Chicago Comic & Entertainment Expo
McCormick Place
April 6 - 8, 2018

As part of our ongoing efforts to create an exceptional exhibitor experience, McCormick Place will provide an accessible location for exhibitors to unload and load smaller materials and equipment used in their exhibit booths.

Q: What is considered an "Automobile or Small Utility Vehicle?"
A: Typical vehicles that a family or small business may operate for transportation or light hauling including automobiles, pickup trucks, minivans, full-size vans and sport utility vehicles. This does not include multiple axle vehicles, flatbed trucks, box vans or trailers.

Q: What can be unloaded or loaded from these vehicles?
A: Equipment, displays or other event related materials that can fit into approved vehicles and which can be transported by the owner or employee by hand or with the use of a exhibitor supplied manual cart or dolly. Due to safety concerns and in order to maintain an organized orderly flow during load-in and load-out periods, exhibitors and their employees are not allowed to use forklifts, pallet jacks, motorized dollies, or similar motorized or hydraulic equipment to load, unload or transport materials on McCormick Place property.

Q: Who can unload the vehicle?
A: Either an exhibitor or a full-time employee of the exhibiting company may unload or load the vehicle. In order to use the designated “Automobile or Small Utility Vehicle” area, eligible exhibitors and exhibitors’ employees must work in a team of at least two people.

Q: What is a full-time employee?
A: A full-time employee is identified as someone who has been employed by the exhibitor on a full time basis for a minimum of 6 months before the show's opening date.

Q: How many employees do I need in my vehicle?
A: There must be a driver who stays with the vehicle at all times and is immediately available to move the vehicle in addition to at least one person to transport the materials to and from the exhibit. This will help speed up access for others who wish to use this convenience and prevent vehicles from being boxed in.

Q: How much time will I have?
A: The time allotted to individual vehicles to unload or load will be no more than 20 minutes.

Q: When will the areas be available to exhibitors?
A: Exhibitors will be supplied with specific ASUV service times. Service times will be made available on the last day of move-in and the last show day, after the show breaks.

All exits and exit aisles must be kept clear and unobstructed. No furniture, signs, easels, chairs or displays may protrude into aisles. All aisles must be maintained at a minimum of eight (8) feet in width unless otherwise approved on a floor plan.

Designated "no freight" aisles must be maintained clear of crates and exhibit materials during move-in and move-out. These aisles are required for emergency access throughout the hall and to expedite freight and empty crate moving.

All fire hose racks, fire extinguishers and emergency exits must be visible and accessible at all times. This includes fire protection equipment located within exhibits. Exits and exit signs must not be covered by drapes nor obscured from view by exhibit components.

Vehicles on display must have fuel filler caps locked or sealed to prevent escape of vapors and to avoid tampering. Batteries must be disconnected. Auxiliary batteries not connected to engine starting system may be left connected. External chargers are recommended for demonstration purposes. Fuel in the fuel tank shall not exceed one eighth (1/8) of the tank capacity or five (5) gallons, whichever is less.

Combustible materials cannot be stored beneath display vehicles. Space beneath vehicles must be clear and visible except for permitted electrical supplies.

Vehicles in building for unloading must not be left with engine idling. Exhaust gases present extreme hazards to workers on catwalks. If an engine cannot be shut down, the vehicle must be removed from the building as quickly as possible.

Compressed air cylinders, including LPG, are prohibited unless approved by the fire prevention office. Flammable gases, i.e., butane, propane, natural gas, et al; are subject to prior approval. Nonflammable compressed gas cylinders must be secured in an upright position with gauges and regulator protected against physical damage.

All 110 volt extension cords shall be three-wire (grounded), #14 or larger AWG, copper wire. Connectors must not be supported by cords. Two wire "Zip Cords" are not permitted other than factory installed appliance connectors, these may not exceed six (6) feet in length and must be UL approved.

Electrical work under carpets must be done, or supervised, by the electrical contractor. All wiring on the floor must be Type "SO" cord, insulated to qualify for "extra hard usage", must be No. 12AWG or larger, and must be protected against injury or damage.

All temporary wiring must be accessible and free from debris and storage materials. Hard backed booths must have power supplies dropped within the booth.

No storage of any kind is allowed behind booths or near electrical service. Materials for handouts must be limited to one day supply and stored neatly within the booth. Violators will be notified and if the materials are not removed by show opening, show decorator will remove and store them at exhibitors expense, without access until the break of the show.

Areas enclosed by solid walls and ceilings must be equipped with approved smoke detectors.

All empty cartons or crates must be labeled and removed for storage or they will be removed as trash. Crates are not to be used as exhibit supports.

Flammable or combustible liquids are prohibited inside of buildings except as approved by the fire prevention office. Flammable thinners, solvents and paints including aerosol cans are strictly prohibited within the building.

Cooking and warming devices shall be electric. Sterno may be used for warming trays. Cooking devices shall be approved by a recognized testing laboratory; e.g., U.L., F.M. Cooking, warming devices, and/or heated products shall be isolated from the public by either placing the device a minimum of four (4) feet back from the front of the booth or provide a plexiglass shield 18 inches high, ¼ inch thick across the front, and down both sides of the demonstration area. Decorative candles are not permitted.

Heat producing equipment is prohibited. Examples of prohibited equipment include, welding, soldering, or any open flame devices.
Attention all exhibitors:

- The operation or use of all motorized equipment for installation of booth structures or signs is not permitted by exhibitors or their appointed contractors.

- The operation or use of motorized or mechanical equipment, including mechanical scooters and carts, is not permitted by exhibitors or their appointed contractors for material handling. The use or prohibition of motorized scooters is controlled by and subject to the facility's rules, regulations and guidelines.

- All lifts, scooters, pallet jacks, dollies and manpower must be provided by the official service provider.

- Scooters and carts may only be used by the individuals to whom the scooters and carts are issued. GES equipment is for use by GES employees only. Please do not take it for your use.

b. Receipt of Goods: GES shall not be liable for Goods received without receipts, freight bills, or specified piece count on receipts or freight bills, or for bulk shipments (i.e., UPS, air freight, or van lines). Such Goods shall be delivered to booth without the guarantee of piece count or condition.

c. Force Majeure: GES shall not be liable for loss or damage that results from Acts of God, weather conditions, act or default of Customer, shipper, or the owner of the Goods, inherent nature of the Goods, public enemy, public authority, labor disputes, and acts of terrorism or war.

d. Cold Storage. Goods requiring cold storage are stored at Customer's own risk. GES assumes no liability or responsibility for Cold Storage.

e. Accessible Storage: GES assumes no liability for loss or damage to Goods while in Accessible Storage. Storage charges are for the use of space and are not a form of insurance, or a guarantee of security.

f. Unattended Goods: GES assumes no liability for loss or damage to unattended Goods received at Show Site at any time from the point of receipt of inbound Goods until the loading of the outbound Goods, including the entire term of the respective show or exhibition. Customer is responsible for insuring its own Goods for any and all risk of loss.

g. Empty Storage: GES assumes no liability for loss or damage to Goods or crates, or the contents therein, while containers are in Empty Storage. It is Customer's sole responsibility to affix the appropriate labels available at the GES Service Desk for empty container storage, and ensures that any pre-existing empty labels are removed.

Forced Freight: GES is not liable for Customer Goods left on the show floor after the show closing deadline, with or without a Material Handling Services/Straight Bill of Lading signed by Customer. It is Customer's responsibility to complete accurate paperwork for shipping and to ensure Customer Goods are properly labeled. i. Concealed Damage: GES shall not be liable for concealed loss or damage including but not limited to: glass, electronic equipment, prototypes, original art, uncrated Goods, or improperly packaged or labeled Goods.

j. Unattended Booth: GES shall not be liable for any loss or damage occurring while the Goods are unattended in Customer's booth at any time, including, but not limited to, the time the Goods are delivered to the dock until the time the Goods are received by Customer's chosen carrier. All Material Handling Forms and/or Straight Bills of Lading covering outgoing Goods submitted to GES will be checked at the time of pickup from the booth and corrections to the count or condition will be documented where discrepancies exist.

k. Hanging items from Booth: Customer shall not hang any articles, merchandise, product, advertisements, or other similar items from GES supplied booth materials (this includes but is not limited to GES panels or pipe and drape), utilized in Customer's own booth set up or in areas occupied by the show organizer or third parties. If Customer does hang any prohibited items, Customer alone shall be held liable for any damages, costs, actions or injuries resulting from the hanging of such item(s). GES shall have no liability for any damages, costs, actions or injuries arising out of Customer's failure to comply with this provision.

VII. Measure of Damage

a. Sole Relief: If found liable for any loss, GES' sole and exclusive maximum liability for loss or damage to Customer's Goods is limited to $.50 (USD) per pound with a maximum liability of $100.00 (USD) per container, or $1,500.00 (USD) per shipment whichever is less.

b. Labor: GES assumes no liability for loss, damage, or bodily injury arising out of Customer's supervision of GES provided union labor. If GES supervises labor for a fee, GES shall be liable only for actions or claims arising out of its negligent supervision. Such liability shall be limited to the cost to Customer of the supervised labor or the depreciated value of the Goods, whichever is less. If Customer elects to use unsupervised labor, then Customer assumes all liability for the actions or claims that arise out of such work, including but not limited to loss, damage or bodily injury and shall provide GES and show management with an indemnity, including defense costs, for any claims that result from Customers' supervision or failure to supervise assigned labor.

VIII. Miscellaneous

a. Insurance. GES is not an insurance company and does not offer or provide insurance. It is the obligation of Customer to ensure Goods are insured at all times. Loss or theft of the Goods in storage or in transit to and from the show and or while on the show floor is the sole responsibility of Customer. GES recommends Customer arrange for All Risk Coverage.

b. Notice of Loss or Damage: In order to have a valid claim, notice of loss or damage to Goods must be given to GES or its agent within 24 hours of occurrence (as evidenced in an Incident Report completed at Show Site by GES) or delivery of outbound Goods.

c. Filing of Claim: Any claim for loss or damage to Goods must be in writing, containing facts sufficient to identify the Goods, asserting liability for alleged loss or damage, and making claim for the payment of a specified or determinable amount of money. Such claim must be filed with the appropriate party within the time limits specified herein. Damage reports, incident reports, inspection reports, notations of shortage or damage on freight bills or other documents, do not constitute filing of a claim.

Claims for Goods alleged to be lost, stolen or damaged at the Show Site must be received in writing by GES within thirty (30) days after the close of the show. Claims for Goods alleged to be lost or damaged during transit must be received by the responsible party within nine (9) months of date of delivery of Goods. GES Logistics subcontracts the movement of Goods to third party carriers. Claims for damage in transit should be made directly with your carrier as shown on the Material Handling form/ Bill of Lading.

In the event of a dispute with GES, Customer will not withhold payment or any amount due GES for Services as an offset against the amount of the alleged loss or damage. Customer agrees to pay GES prior to the close of the show for all such charges and further agrees that any claim Customer may have against GES shall be pursued independently by Customer as a separate action to be resolved on its own merits. GES retains the right to pursue collection on amounts owed after show close, without regard to any amount alleged to be owed for damage, or loss.

d. Filing of Suit: Any action at law regarding loss or damage to Goods must be filed within one (1) year of the date of declaration of any part of a claim (logistics claims excluded).
IX. Jurisdiction, Choice of Forum
These Terms and Conditions of Contract shall be governed by and construed in accordance with the applicable laws of the United States or, alternatively, and depending on jurisdiction, the laws of the State of Nevada. The parties hereby submit to jurisdiction and venue in the United States Federal District Court of Nevada, or as applicable depending upon jurisdiction, the County Circuit Court in Clark County, Nevada.

X. Advanced Warehousing/Temporary Storage/Long Term Storage
All terms and conditions relative to Advanced Warehousing/Temporary Storage/Long Term Storage are contained in separate agreements titled "Storage Agreement." In the event that a Storage Agreement is not executed between the parties, the following shall apply with respect to GES' liability for Customer Goods. The responsibility of GES with respect to Customer Goods is limited to the exercise of ordinary care and diligence in handling and storing of Customer Goods. GES shall be liable only for loss or damage to Goods caused by GES' sole negligence. GES' liability is limited to $0.60 (USD) per pound with a maximum liability of $100.00 (USD) per container, or $1,500.00 (USD) per shipment whichever is less. In case of partial loss or damage, the maximum liability shall be prorated based on weight. GES is not responsible for any loss or damage to Goods caused by, but not limited to fire, theft, the elements, vandalism, moisture, vermin, mechanical breakdown or failure, freezing or changes in temperature, as well as any other causes beyond GES' immediate control. GES is not responsible for the marring, scratching or breakage of glass or other fragile items. GES is not liable for the mechanical functions of instruments or appliances even if such articles are packed or unpacked by GES. In no event shall GES be liable for special, incidental, indirect or consequential damages, including business loss of any kind, resulting from any damage to or loss of the Goods or from any act or failure to act. Customer pays storage fees or costs for advance warehousing for use of the space only. There is no guarantee of security or representations made by GES as to appropriateness of the conditions for Customer Goods. The risk of loss remains Customer's alone and GES recommends the Customer carry and maintain insurance in amounts sufficient to cover its risk.

XI. Personal Data
Customer authorizes GES to use personal information (“PI”) submitted to GES in connection with the Show as follows: (a) GES stores, processes and transmits credit card information only in compliance with Payment Card Industry Data Security Standards security requirements; (b) GES stores credit card information through its expiration date to better serve Customer’s future event needs, unless Customer instructs GES to delete it earlier; (c) GES uses PI only as necessary to administer orders for the Show but otherwise does not disclose PI without either Customer’s express authorization or a mandatory legal requirement; (d) GES retains PI of Customer’s primary contacts (including name and email) on an ongoing basis to better serve Customer’s future event needs until either GES’ Privacy Policy requires or Customer instructs GES to delete it; and (e) GES securely stores PI including credit card information on servers located in the United States. GES protects PI with technical, organizational and other safeguards in conformity with applicable data protection laws including, without limitation, privacy laws of European Union countries. If Customer provides GES with PI of a European Union resident, then Customer warrants that it is authorized to do so for the above purposes and the parties agree to cooperate by executing further agreements as required by applicable law. Data subjects have the right to access, amend and oppose the use of their PI. GES may be contacted as provided in its Privacy Policy published at http://www.ges.com/us/legal/privacy-policy.
